Primary School Hurling Blitz

On Monday 11th March, a group of our TY students organised a hurling blitz for the local primary schools. We had seven schools in attendance: Brooklodge, Gaelscoil, Knockraha, Leamlara, Riverstown, Upper Glanmire and Watergrasshill. Teams participated in a day full of matches and fun games, with four teams progressing to the finals. It was Upper Glanmire Vs Gaelscoil in the Cup Final, and Leamlara and Watergrasshill in the Shield Final. A huge well done to Gaelscoil and Watergrasshill

who were successful on the day.

A big thank you to our amazing TY students who organised, coached and refereed on the day. They showed great leadership skills and received positive feedback from both teachers and students from the visiting schools. We look forward to the ladies football blitz which will take place in the coming weeks.

CanSat Team

This year Glanmire Community College once again took part in the CanSat competition. The team consisted of Toby Tangney, Nathan Manley, Alan Browne, Kyle Scott, Rian Leahy and Adam Hayes. CanSat is an initiative by the European Space Agency that

challenges secondary school students to build a miniature satellite, all housed in the volume of fizzy drinks can. The regional final of CanSat took place in MTU on Saturday 9th March. Unfortunately, despite excellent work by the team over

a number of months they did not win the regional competition with the judges outlining that they were not far off winning. Overall well done to the team for the excellent work over the last few months.
