1. Leaving Certificate Results, Viewing, and Appeals 2024 - Introduction

The 2024 Leaving Certificate provisional results will be available to candidates from 10 AM Friday 23 August through the Candidate Self Service Portal (CSSP). Schools will also have access to the results through the Schools Portal from 10 AM on Results Day.

The purpose of this circular is to provide you with comprehensive information about the arrangements for the issue of the results and the all of the post result services which follow. This is an important document which you should keep safe in order to refer to it over the coming days and weeks.

The State Examinations Commission (SEC) offers its sincere thanks to principals, deputy-principals, teachers, SNAs, school secretaries, caretakers, and all other school staff for their efforts in supporting candidates in taking their 2024 Leaving Certificate examinations. As we near this final stage of the 2024 Leaving Certificate, the SEC is seeking your further assistance to ensure that candidates are supported in receiving and understanding their provisional results and in making decisions about their results in the days ahead.

In relation to the Leaving Certificate appeals, details of which are provided later in this document, we are planning to issue the appeal results on **Friday 27 September**. The SEC is unlikely to be able to deliver the appeal results in this timeframe without support from school management, including allowing teachers who are engaged as appeal examiners to be released from school for this purpose. We appreciate that this places a further burden on schools in relation to the appeals and we are grateful for your support in this regard.

Details will issue from the SEC in due course on the arrangements for the release of **the 2024 Junior Cycle Results**.

IMPORTANT INFORMATION ON THE KEY DATES TABLE

- The facility to view examination scripts is provided free of charge.
- The fee to appeal a result is €40 per subject for Leaving Certificate and €15.50 per subject for Leaving Certificate applied. The fee is refunded in the case of a successful appeal.
- To provide for the earliest possible issue of the appeal results, the timelines for candidates to apply to view scripts and to lodge their appeal applications are very short. To ensure that the remaining stages of the appeals process can be completed as quickly as possible, the deadlines will be strictly applied.
- Candidates should take note of these dates.
- Schools are also asked to alert candidates to the timeframes in order that candidates do not miss the opportunity to apply to view their scripts or to make an application to appeal.
- **The SEC will not accept late applications for viewing or for appeals.**

Part A – Before Results Day

3. Contact with schools in relation to unregistered candidates

Commencing on Wednesday 14 August we will be in contact with any school in which there are candidates who have not yet registered on the Candidate Self Service Portal or who did not fully complete their registration.

4. Arrangements for confirming access to the Schools Portal.

To ensure that all schools can access the Schools Portal on Results Day we will be arranging to reissue passwords for the School Portal by registered post to arrive in schools Friday 16 August. On Monday 19 August we will provide a link via email to allow schools check their log in details to ensure that they have access to the Schools Portal. The email will also include a User Guide with details for testing the link in advance. To avoid any problems on Results Day, school authorities should ensure that they test their access in advance.

5. Further Information for Candidates

All candidates registered on the Candidate Self Service Portal will receive a copy of the *Candidate Information Guide 2 - Results and Appeals* which will issue by email from the SEC on Wednesday 21 August. It sets out details of the SEC's policies and procedures in relation to all aspects of the Leaving Certificate results and appeals. This Guide will also be published on the SEC's website www.examinations.ie.

6. Nominations for the position of Organising Superintendent (Viewing of Scripts)

The SEC issued an email to schools on 29 July requesting nominations for the post of Organising Superintendent for the viewing of manually marked scripts in schools. If you have yet to return your nomination you are asked to do so not later than the closing date to return nominations of Friday 16 August.

Part B – Results Day

7. Arrangements for Access to Results

7.1. Candidate Self Service Portal

All Leaving Certificate candidates will have access to their provisional Leaving Certificate results on the Candidate Self Service Portal from 10 AM on Friday 23 August. Candidates can view their results and will also be able to print a statement of their provisional results.

A new feature this year is that at Leaving Certificate, candidates will see an asterisk on the portal against any result where the candidate has been marked absent for a component. This is explained in further detail in the Supplementary Report section at 7.3 below. This does not apply for Leaving Certificate Applied Candidates. We will continue to provide LCA Supplementary Reports in hard copy by post to the school.

7.2. Schools Portal

The SEC's Schools Portal will open at 10 AM on Friday 23 August to provide schools with their results in electronic format. Schools can access the portal at <https://schools.examinations.ie/> (See above re arrangements for test access to the Portal).

Schools will have access to the following:

- A matrix report in PDF format showing examination results for each candidate.
- The matrix report in CSV format which we are advised can be imported into the school's content management systems for analysis.
- *****New for 2024***** The traditional supplementary reports for individual candidates which previously issued by post to schools will now be provided digitally. Details of the supplementary reports on results for all candidates in your school will be presented in report format at the end of PDF Matrix of results. (See 7.3 below)
- A digital file of all of the PDFs of the Statements of Provisional Results for all of the candidates in the school. (Candidates can access their Statement of Provisional Results on individual basis through the Candidate Self Service Portal). Schools are not obliged to print the statements for candidates noting that many candidates will already have obtained their own copy. Schools can print the Provisional Statements of Results individually or as a batch by opening PDF file and print individually by selecting page or click on Print all option to print all statements of results in file. NB If arrangements are made for printing in the schools,

collectively or individually, then extreme care should be taken in maintaining the privacy and security of candidate data.

Schools authorities should note not to expect any postal results mailing for the Leaving Certificate (incl. LCVP) programme this year. Certain documentation will continue to issue in hard copy in relation to the Leaving Certificate Applied programme (see details below).

7.3. Action Needed on Results - Supplementary Report Indicators

Schools Portal

A Supplementary Report on a result indicates that there is some aspect of the result that was not typical in the processing of the results by the SEC. Traditionally, we provided these reports to schools in hard copy. However, following feedback received from school authorities, in light of the digital issue of results to candidates and schools, we have this year arranged to provide this report as part of the PDF Results Report on the Schools Portal. On receipt of the results, school authorities must check the Supplementary Report indicators to ensure all information is correct and accurate. If there are no Supplementary Report indicators on the results for the school, a Nil Report will be presented.

While a Supplementary Report does indicate that the processing of the result was not typical, it does not mean that there is necessarily something wrong with the result or any action required of the school authority. In most cases we will already have been in contact with schools in relation to specific results which will then be the subject of a Supplementary Report indicator when the results issue.

The reasons where these reports might occur are as follows:

- i. Candidate confirmed absent - Candidate has been marked absent for one or more mandatory component in a multi-component subject.
- ii. Assessor's mark used for this component – The examination session was incomplete and the SEC assessed a result in this component based on other available information.
- iii. Invalid Practical coursework – The coursework has been deemed invalid as could not be authenticated by the school authority.
- iv. Extrapolated mark - In cases where a candidate has an exemption for a subject under the RACE scheme then the marks in the subject will have been extrapolated from the other components -

Action is required by the school authority if the information indicated by the Supplementary Report conflicts with the position known to the school and candidate (e.g., the candidate was present and submitted work where an absence is attributed.) In such cases, the SEC should be contacted

immediately by the School Principal or his/her representative on the Helpline Number (see Section 9 below). The SEC will only take queries from schools and not from individual candidates. School authorities should also contact the SEC immediately if there is no result for a candidate in a subject in which they expected to see a result (i.e. the candidate sat the examination and the result has not been withheld by the SEC).

Candidate Self Service Portal

On Results Day, candidates will see an asterisk on the CSSP against a result in a subject with more than one mandatory component if the grade in that subject is not based on marks from each mandatory component. The asterisk indicates that the SEC has recorded that the candidate was absent for one or more of these components. Candidates have been advised to contact their school if they have any concerns in relation to a result accompanied by an asterisk.

On Tuesday 27 August, when candidates have access to Component marks on the CSSP, they will see more detailed information about their results and will see the indicators provided to schools in Supplementary Reports see page 7. Again, candidates have been asked to contact their school if they have any concerns about their results.

Leaving Certificate Applied Candidates

The Results Matrix, Supplementary reports and Results circular will continue to issue to schools by post in respect of Leaving Certificate Applied (LCA) candidates. LCA candidates will not see any indicators on their results on the CSSP. Please ensure to check all supplementary report indicators whether they issue to you digitally through the Schools Portal or in hard copy and to report any problems to the SEC.

7.4. Annotations

Where our records indicate that a candidate has been granted access to the scheme of Reasonable Accommodations for the 2024 certificate examinations we will have issued a decision letter as certain access arrangements change the underlying basis of assessment and so can give rise to annotations on the results. Please note at this time that the Statement of Provisional Results, which candidates can print from the candidate self-service portal, does not include these annotations. We can also advise that the SEC does not provide these details to the CAO. Any annotation to be applied may be included on Final Certificates.

8. Understanding the Results

8.1. Leaving Certificate Grading System

The Leaving Certificate grading system is a 1 to 8 numeric system. A reference guide is presented in Appendix A.

8.2. Post Marking Adjustment

In April 2024, the Minister gave a commitment that the overall Leaving Certificate results in the aggregate will be no lower on average than last year. In line with the Minister's commitment, a post-marking adjustment was made to all of the results. This means that, after the marks for all components were marked and combined, some further marks were added on to the total mark before the grade was calculated. Because the total number of marks for the examination is different for different subjects, with some being marked out of 600, others out of 400, and so on, the number of marks added on in the post-marking adjustment will vary across subjects to reflect this.

Candidates will be able to see how many extra marks they got in each subject under this adjustment when component marks and overall marks become available on the Candidate Self Service Portal on Tuesday, 27 August. Further information about the application on the post marking adjustment will be published by the SEC on Results Day.

9. Helplines

9.1. Schools Helpline

The SEC has established a helpline for schools for the 2024 Leaving Certificate.

The number is available **1800 520 540** and it will operate **9 AM to 5 PM from Friday 23 August to Monday 2 September** including the weekend.

This line will deal exclusively with post result issue enquiries from school authorities. The line is not linked to the switchboard and should only be used for queries on the Leaving Certificate results. If you call the number for any other reason it will not be possible to transfer your call to any other section within the SEC.

For this service to operate effectively it is essential that the free-phone number is made available only to bona fide representatives of the school for their use on matters related to the issue of the Leaving Certificate results alone.

9.2. Candidate Helpline

A separate SEC Candidate helpline will be available at **1800 111 135** or **1800 111 136** from **9 AM to 5 PM from 23 August to 2 September**. Outside of these hours queries may be e-mailed to candidateportal@examinations.ie. Please note this helpline is provided for queries relating to the Candidate Self Service Portal and the services provided through that portal.

Candidates have been advised that they should contact their school if they wish to schedule a visit to meet with members of the Student Support Team such as Guidance Counsellors, Year Heads, Tutors and Chaplains.

10. Supporting candidates receiving results

Schools have always provided an important role in offering guidance and support to Leaving Certificate and Leaving Certificate Applied candidates on results day. It is recognised that for the Leaving Certificate class of 2024 the tradition of coming back to school to celebrate the results with teachers and classmates on the day that the results issue will not be the same as it was in other years.

From mid-morning on Friday 23 August and for the following week, you will have discretion to release Guidance Counsellors and other members of the support team from lessons. This is to allow support to be provided to candidates in person or on the phone. These planned interactions with candidates are intended to support wellbeing and to discuss future education and career options. Guidance Counsellors will play a crucial role in supporting these young people to navigate the next steps in their education and career journey by providing up to date information and reassurance in a calm and positive manner.

The wellbeing of the candidates who receive Leaving Certificate results will be supported through a number of additional measures.

- a) The SEC Candidate helpline will be available at 1800 111 135 or 1800 111 136 from 9 AM to 5 PM from Friday 23 August to Monday 2 September. Outside of these hours queries may be e-mailed to candidateportal@examinations.ie. Please note this helpline is provided for queries relating to the Candidate Self Service Portal and the services provided through the portal.

- b) The Leaving Certificate candidate helpline, at 1800 265 165, which is provided by the National Parents Council Post-Primary will be available on dates and times outlined in the table below for students to reach a guidance counsellor with any queries that they may have. This helpline will operate until after the CAO first round offers and is staffed by qualified guidance counsellors.

Part C – After Results Day

11. Access to Data

From 12pm on Tuesday 27 August candidates will be able to see their component marks and adjusted marks through the CSSP. Candidates will also be provided with a further *Candidate Information Guide 3 – Guide to Understanding your Results* to guide them through this process. This will be published on Monday 26 August and it will also be distributed to candidates and schools by email.

The purpose of this Candidate Information Guide is to provide the candidate with information about their Leaving Certificate grades in the 2024 examinations and to assist them should they choose to view their scripts. The Guide will: clarify details concerning the marking of the 2024 examinations, outline how grades were generated, including how a post-marking adjustment was made to marks before grading, and explain how marks and grades are displayed on examination scripts and how they will be displayed on the Candidate Portal. There is a specific section providing information on Leaving Certificate Applied.

Where the result is not based on all mandatory components, the candidates will see the reason beside the relevant component. This information is provided to the schools as a supplementary report as part of the results PDF Matrix. Please check that information provided is correct. If any issues arise in relation to information provided please contact the SEC helpdesk.

12. Viewing of Scripts

Applications to view Leaving Certificate examination scripts must be made by candidates through the Candidate Self Service Portal between 5 PM on Tuesday 27 August and 8 PM on Wednesday 28 August.

Leaving Certificate Applied viewing applications must be made by email. Candidates will be provided with an LCA Viewing Application Form on the Candidate Self Service Portal which should be emailed to viewlcascript@examinations.ie. The same application timeline applies and all applications must be made before 8 PM on Wednesday 28 August.

There are two different processes this year for viewing of scripts depending on how the script was marked.

1. Viewing online through the Candidate Self Service Portal
2. Viewing in-person in schools

It is important to note that candidates may have to attend school to view some of their scripts and use the portal to access others.

12.1. Viewing online through the Candidate Self Service Portal

With the expansion of online marking to the majority of subjects for the 2024 Leaving Certificate, most script viewing will be online through the Candidate Self Service Portal. The online viewing process is delivered through the Candidate Self Service Portal and involves candidates having timebound access to PDFs of the scripts. Online viewing in these subjects will be available from 9 AM on Saturday 31 August to 9 AM on Sunday 1 September.

12.2. Viewing in schools

There is still a need to provide candidates with in-person script viewing in schools for those subjects, or components of subjects, which were manually marked. Even in subjects which were marked online there are some exceptions which require scripts to be returned to schools for viewing. The following material will be returned to schools for in person viewing;

- Examination scripts in subjects which were manually marked
- Certain components of subjects which were marked online (e.g. the LCVP portfolio)
- Examination scripts in the Deferred Examination series will be returned for viewing to the school in which the candidate had been due to sit the main examinations in June. (These examinations were not marked online)
- Scripts in online marked subjects that were in atypical format such as Brailled, Enlarged or Modified scripts or scripts in audio format
- LCA scripts where viewing request received.

Please refer to the table of manually marked subjects and components at Appendix B.

Viewing in Schools will take place on Saturday 31 August and candidates will be assigned to one of two viewing sessions as follows;

1. Session 1. **9.30 AM – 12.30 PM**

2. Session 2. **2 PM – 5 PM**

To facilitate the in-person viewing process, school authorities have already received documentation from the SEC asking them to nominate one person from each school to act as Organising Superintendent. The role of the Organising Superintendent will be to arrange the viewing sessions for candidates from the school who apply to view their scripts; oversee the viewing process; and collate and return the appeal scripts to the SEC.

Applications for the role of Organising Superintendent should be returned to the SEC on or **before Friday 16th August**. Details of the arrangements to be made by the Organising Superintendent for the viewing of scripts in schools will issue shortly.

13. Publication of Marking Schemes

The marking schemes in all examination subjects will be published prior to the Viewing of Scripts on the State Examinations Commission's website.

14. Appealing Results

Candidates can apply to appeal through the Candidate Self Service Portal.

From: **10 AM on Sunday 1 September 2024**

To: **5 PM on Monday 2 September 2024.**

A valid application will comprise both the application to appeal and the payment of the appeal fee. The fee to appeal a result is €40 per subject for Leaving Certificate and €15.50 per subject for Leaving Certificate applied. The fee is refunded in the case of a successful appeal.

In order that the SEC can process the appeals as quickly as possible, the appeal application deadline will be strictly applied. Late applications will not be accepted under any circumstances.

The process for the appeal of an examination is a process whereby the script is sent to an appeal examiner who was not involved in the original marking. The appeal examiner will review the marking of every part of every question and will consider whether the mark awarded by the original examiner is correct and reasonable, in line with the marking scheme. If it is, the appeal examiner will award the same mark again. If it is not, the appeal examiner will award what they consider to be the correct mark. In some subjects involving practical/project work it may be necessary for an appeal examiner to visit the school to re-mark work stored by the school.

NOTE: The Leaving Certificate Appeals process applies to the marking of the examinations only. The Post Marking Adjustment is not open to appeal.

It is essential that school authorities do not dispose of, or return to candidates, any practical or coursework pieces until the appeal process has fully concluded, even in instances where a candidate has not appealed a result in that subject, as the SEC may need access to the material during the appeals and related quality assurance processes. For that reason, the integrity of the examinations system requires that the material continues to be securely stored by the school.

Please note that the review of results procedures are individual candidate led processes. **There is no provision for a school or group/class-based appeal.** Any requests from schools for a review of the results of a group of candidates will be responded to on the basis that any candidate who has a concern in relation to his/her result can make an application to appeal their result. Candidates who sat examinations can also view scripts.

The appeal processes will include further recourse to Independent Appeals Scrutineers whose role is to check to ensure the correct procedures were followed throughout the appeals processes. Once all internal processes have been exhausted, decisions of the SEC are open to review by the Office of the Ombudsman, or in the case of candidates under 18 years of age, by the Ombudsman for Children.

15. Data Privacy, General Data Protection and Data Breaches

As you are aware the General Data Protection Regulation and related Data Protection Act 2018 are in force. Examination scripts, Schools Results Matrix and Supplementary Reports containing candidates' personal data should be treated with absolute regard to confidentiality and security. Extreme care should be taken when accessing candidates' personal information when accessing the school portal and or the printed copy of the School Matrix.

There is now a requirement for organisations to report personal data breaches to the relevant supervisory authority, where the breach presents a risk to the affected individuals. Where applicable the SEC will notify the Data Protection Commissioner (DPC) within 72 hours of Data breaches that are advised to the SEC.

If in the course of accessing candidates' Provisional results, you think there might be a possible Data Breach, please immediately contact the SEC Data Protection Officer by sending an e-mail to dpo@examinations.ie

16. Enquiries

Any enquiries on this circular should be directed to Entries section at entries@examinations.ie or by phone to 090 6442702.

Again, we are very grateful to school authorities for your continued support and assistance with the 2024 examination process.

All grades will be awarded in accordance with the published grading system and no tolerance can be applied. Note that the use of percentages is used to facilitate understanding of the Grading system. In the examination marking and resulting processes, grades are derived from marks not percentages. So, for example while a mark of 539 out of 600 in an examination is worth 89.83% when expressed as a percentage, the grade is based on the marks which equate to a Grade 2. Therefore, rounding up to the next grade band does not arise.

Information for candidates on the CAO points system is available on www.cao.ie or www.transitions.ie
